Your needs

Asset management

Do you have limited time to actively look after your savings and want a reliable and independent asset manager?

Mutual interests

Do you want someone to look after your assets who also invests their own money exactly the same way?

Direct investments

Do you prefer direct investments in promising companies such as Lonza, Sika, or Google whenever possible?

Swiss francs

Do you prefer to invest the majority of your assets in Swiss francs?

Private equity

Do you want to participate in the returns of this exciting asset class and get the benefits of diversification?

Current income

Would you like to achieve current income through investments in dividend-bearing equities and attractive bonds?

What is Revo?

Revo is the name of the revolutionary investment concept from Zugerberg Finanz. Revo offers you the chance to invest directly in promising companies with just a one-off amount starting from CHF 5'000 or an individual monthly savings plan from CHF 100. This offer is made possible by Revo investing in fractions of shares. These are selected and managed by Zugerberg Finanz and bought directly into your portfolio.

Why Revo?

Well substantiated

Experience, science, and clear values – we make investments based on the macroeconomic assessments of our experienced CIO Office and Advisory Board.

Hand-picked

Our carefully selected equities portfolios include promising Swiss companies, but also renowned international stocks. In addition, fixed-income funds grant you access to promising, mostly institutional bonds.

Active

For the duration of the contract, we will constantly keep an eye on your investment – and actively intervene when the markets change.

Credible

We believe in your investment which is why we invest our own assets in the same way in which we also invest our clients' assets.

Transparent

You can view your current positions, performance, all transactions, dividends, fees, and much more on the app on a daily basis.

How does Revo work?

1. Choose your personal investment strategy based on your risk profile from 5 risk classes with flexible equity or bond shares.
2. Choose your one-time investment amount or a regular savings or investment instalment.

Equity share with the risk classes 1 to 5:

3. Sit back and watch your assets build up; we'll keep an eye on your investment and actively intervene when the market situation demands it.

Revo asset management for savings

Flexible and individual investment

Zugerberg Finanz Revo gives investors the opportunity to benefit from professional, active asset management from a one-off investment of CHF 5'000 or regular investments of CHF 100 per month. Implementation mainly takes place by means of individual titles, except in the area of bonds (transparent collective investment instruments).
